

**Not getting a return from your investments in automation?
Do you need greater capacity, faster turn times, or operational expertise?
You need a Strategic Manufacturing Partner.
You need Flextur.**

Are you facing these Industrial Manufacturing Challenges?

Do you struggle to hit production, financial, and quality control KPI's? Are you experiencing labor shortages or inconsistent results from suppliers? Are you seeking ways to decrease overall cost through automation, streamlined processes & product improvements? Flextur can help you meet these challenges.

A history of delivering innovative, quality products, and elite customer service.

For over 40 years our core business had been fabrication. Engineer. Cut. Form. Weld. Today, Flextur offers comprehensive industrial workflow solutions for our Strategic Partner clients.

A highly skilled and dedicated workforce.

We can provide the scalability, and flexibility you need to make your project a success. We realize our team - our people, are the key to our success. By Strategically Partnering with Flextur you're not adding a consultant, you're adding a team of professionals that will work shoulder to shoulder with you to reach a solution.

Have a part, product, or challenge in your manufacturing process? People, Processes & Partnerships

People

Highly skilled

Ongoing Communication
Continuous Improvement

What Customers Are Saying About Flextur.

Flextur has been an excellent supplier for Venture Products Inc. We appreciate their fast service, reliable delivery, and great communications. They are a supplier partner who knows the value of taking care of their customers. – **Dallas Steiner, Venture Products Inc.**

The Yaskawa team chose to work with the Flextur team, as they are very agile and responsive, with great engineering recommendations for welding applications with the Yaskawa Motoman Robotics. Both the Yaskawa and Flextur teams have worked well together.

– **Josh Leath, Yaskawa American, Inc.,
Motoman Robotics Division, Senior Product Manager, Welding**

Flextur™

A more excellent way to work.

Value Engineering

A holistic approach to understanding your goals for the project. We believe value engineering is not solely based on, or limited to, cutting costs.

3D Digital Design, Engineering & Programming

- Solidworks
- Camtek Fixturing Software
- Trained to think outside the box

Laser Cutting

- Bystronics BySprint 6000-Watt Fiber laser
- Up to ¾ Mild Steel (5 x 10 Table)

Machining

- HAAS DS30SSY CNC Machining Center

Forming

- Bystronic Xact 225,
248 T x 13' x 5 Axis CNC Press Brake
- Bystronic Xpert
40 T x 40" x 5 Axis CNC Press Brake
- Segmented tooling for box bending
- Step Forming

Robotic & Manual Welding

- Mig Welding
- Stainless
- Mild Steel

Painting & Powder Coating

Logistics & Packaging

- Barcoding
- Boxing
- Crating
- Freight Management

Complete EDI Capability

Industries Served

- Agriculture
- Building Products
- Construction Equipment
- Heavy Truck
- Lawn & Garden
- Material Handling
- Oil & Gas
- Packaging
- Racking
- Storage Solutions

Diverse Product Line

- Work Cell Solutions
- Toolboard Solutions
- Cobot & Manual Welding Tables

Since 1978.
